

COSPAR Session Number _____

ELSEVIER SCIENCES
TRANSFER OF COPYRIGHT AGREEMENT
ADVANCES IN SPACE RESEARCH

Effective upon acceptance for publication, copyright to the paper entitled

by _____

is hereby transferred throughout the world and for the full term and all extensions and renewals thereof, to COSPAR to the extent that it is transferable under applicable national laws.

Authors reserve the following rights:

1. All proprietary rights other than copyright, such as patent rights.
2. The right of the above-named authors, jointly and separately, to incorporate all or part of this article in any future works of their own, but not to submit this article to any other publisher for subsequent publication. Credit to the original publication should be given.
3. In the case of a "work made for hire" the employer and the authors may make copies of this paper for their own use, but not for resale.
4. The right to post this article on their own (or their institution's) electronic server, provided a full citation is included. If institutional or funding agencies require that this article be posted on a third party's electronic server, authors must notify COSPAR, and supply supporting documentation if requested.

COSPAR grants permission for individuals to make single copies for personal use in research, study, or teaching, and to use figures, tables, and short quotes from this journal for republication in scientific books and journals. Credit to Advances in Space Research should be given.

The author(s) warrant(s) that this article is original work and has not been published before, that it does not infringe upon any copyright, and any necessary permission to quote from another source has been obtained. The author(s) warrant(s) that the article contains no libelous or other unlawful statements.

To be signed by at least one of the authors (who agrees to inform the others, if any).
