

Correction to “Precursor activation and substorm expansion associated with observations of a dipolarization front by Thermal Emission Imaging System (THEMIS)”

C. L. Tang, V. Angelopoulos, A. Runov, C. T. Russell, H. Frey, K. H. Glassmeier, K. H. Fornacon, and Z. Y. Li

Received 22 July 2010; published 28 August 2010.

Citation: Tang, C. L., V. Angelopoulos, A. Runov, C. T. Russell, H. Frey, K. H. Glassmeier, K. H. Fornacon, and Z. Y. Li (2010), Correction to “Precursor activation and substorm expansion associated with observations of a dipolarization front by Thermal Emission Imaging System (THEMIS),” *J. Geophys. Res.*, *115*, A08299, doi:10.1029/2010JA015962.

[1] For the paper “Precursor activation and substorm expansion associated with observations of a dipolarization front by Thermal Emission Imaging System (THEMIS)” by C. L. Tang et al. (*Journal of Geophysical Research*, *115*, A07215, doi:10.1029/2009JA014879, 2010) the title was

incorrect. The correct title reads as follows: “Precursor activation and substorm expansion associated with observations of a dipolarization front by Time History of Events and Macroscale Interactions during Substorms (THEMIS).”
